

Looking for a used item but, don't see it in our USED PRODUCTS pages on our website? We have thousands of used items but only about a third are on our website because they change daily.

This is our *complete* Used List that our staff use internally and many of our regular customers ask to see when they drop by for their weekly visits. We'll post it weekly on our website, usually on Mondays and either Thursdays or Fridays.

To find a product:

Click on your Adobe Reader's SEARCH or FIND feature and enter a key word, brand or model.

More product information:

Please note that these descriptions are abbreviated because they are from our 'back-office' inventory system and meant for internal-use only and therefore not fully "user-friendly".

Stock availability:

Please note that the items shown here were in stock on the morning of the report's date. Please contact us to check current availability as items may have sold since this report was run.

An item may be in stock at any of our eight stores. In most cases, we can transfer an item to any of our stores within one to three days.

Also, Note: Items marked "reserve" may be on hold. Please contact us to check availability.

****** You'll occasionally see an item marked with two asterisks. These indicate our most popular used items that regularly come into stock and we often have more than one in stock.

Also, many new items are required to be held for a month before we can sell them, as required by some municipalities' bylaws. These items are included here. We can accept deposits to hold an item for you until the police allow us to release it for sale.

Contact Us:

For more product information, to order, to find out which store the item is in, to request a transfer to another store, or to confirm stock availability, please call us at 604-263-3221 or toll-free at 1-866-310-3245 or email us:

info@kerrisdalecameras.com

Shop online (about 1/3 of our used items are on our website for online shopping):
